VIKASH KR. GUPTA

CSE STUDENT

ABOUT ME

I am a B.Tech CSE student deeply interested in the world of technology. With a solid foundation in Java, C, and C++, I am currently enhancing my skills in HTML, CSS, and JavaScript to build dynamic and interactive web experiences. I enjoy exploring operating systems, analyzing mobile user interfaces, and staying curious about emerging technologies. My passion lies in thinking creatively and finding innovative ways to utilize technology to solve problems and improve everyday life.

SKILL

- JAVA
- Web programming
- Software analysis
- C & C++
- Photography
